Technical Data

Model	SBK936A
Power Rating	60W
Input Voltage	AC220V 50HZ
Temperature Range	200-480°C
Tip resistance to the ground	$\leq 2\Omega$
Tip to the ground potential	$\leq 2\text{mV}$
Stability	$\pm 2^\circ\text{C}$ (at 25/45%)
Weight	1.3kg (w/o soldering iron)
Dimensions	(W)120X(H)93X(L)170mm
Length of cord	1.3 m

Soldering Iron	BK907ESD
Compatible Tip	BK900M
Heating element	50W, 24V ceramic heater
Iron Holder	BK506

Features

- ◆ Temperature adjusted revolvingly, quick and convenient
- ◆ Ceramic heating element, good heat conduction
- ◆ Various tip size from 0.2mm~5mm
- ◆ Temperature could be calibrated by a wrench
- ◆ Light handpiece, good grip
